AFT Clinical Snow Days

An agreement has been reached by AFT and the BOR in regards to any AFT clinical faculty who had compensation withheld as a result of the college closing due to inclement weather during the 2014-2015 and 2015-2016 academic years.

During the winter closings of 2014-2015 or 2015-2016, our records indicate that no payments were made due to college closing(s) on account of inclement weather with the exception of (2) two payments following a Governor closing. Attached to this communication is a chart of closings due to inclement weather during academic years 2014-2015 and 2015-2016. If you feel you are owed wages related to any Gateway closing due to weather please list the date and hours you were scheduled to work and for which you were not paid due to weather closings. Please return this form to payroll by September 15, 2016 via email or drop off in Human Resources. We will process requests for payments with check date September 30, 2016.

I was scheduled to work \_\_\_\_\_ hours on \_\_\_\_\_/\_\_\_\_\_/\_\_\_\_\_ and received  
pay for \_\_\_\_\_hours due to a weather closing.  
month day year
